I wrote you a few weeks ago regarding our attempts to obtain a response from the Florida Real Estate Commission regarding the payment to a Realtor for the filling out of a title application. I have attached a letter from Jim Mitchell, Assistant Attorney General who serves as counsel to the Florida Real Estate Commission. This letter appears to adequately address our concerns.

We appreciate the timely response from the Assistant Attorney General and look forward to his comments in the *Florida Real Estate Commission News & Report*.

Thank you.
