

OLD REPUBLIC TITLE

EMERGENCY GAP COVERAGE

(This authorization expires January 31, 2002)

Due to the severe problems associated with recordings at the Registries of Deeds particularly the Middlesex South Registry, Old Republic Title has decided to provide so-called "gap coverage" for refinance transactions on a limited basis. We are offering this coverage as a temporary measure to address an extraordinary situation. It is not intended as a permanent change in our practice guidelines. You are authorized to provide title insurance coverage to the lender as of the time and date of disbursement of the loan proceeds prior to actual recording of the loan documents, subject to the following requirements:

- This authorization applies to refinance transactions of 1-4 family residential properties only.
- A Gap Indemnity Agreement in the form attached must be executed by the borrower/owner. A copy of the Gap Indemnity Agreement can be downloaded from our website (ORTBoston.com).
- Title to the property must be run up to no less than one business day prior to disbursement of the loan proceeds.
- The recording must be done as soon as possible after disbursement of the funds.
- Please attach a copy of the Gap Indemnity Agreement to the copy of the policy remitted to Old Republic Title.
- Any intervening matter discovered in your final rundown and recording are to be promptly reported to Old Republic Title. You should proceed with recording the mortgage notwithstanding any intervening matter and such matters are not to be added to the policy.

Old Republic Title makes no representation that disbursement prior to recording is acceptable under current attorney practice standards. Any risk that this practice constitutes attorney negligence is not covered under title insurance and is a matter between the agent, the client and the agent's liability carrier.

For the protection of all, we recommend that you use this authorization only when absolutely necessary. We strongly suggest that you use the three day rescission period to record mortgages so that the mortgages are of record prior to disbursement.

This authorization expires on January 31, 2002. We will consider extending this authorization only if the situation in the Registries of Deeds has not improved sufficiently by this date. Any such extension must be in writing.
