

# Opening a new door

# Opening a new

# opportunity

If we've learned anything during our many years in business, it's that when one door is closing, another door opens. At Old Republic Title, we have been opening doors for over a century, consistently crossing new thresholds and moving forward. Our experience, expertise, integrity and innovation provide the keys to unlock your door to opportunity and success.

# A key to success

IN

# A key to success

INNOVATION 

As we open the door to our second century of business, we continue to deploy products, services, processes and technologies that allow our customers' transactions to be completed quickly, effectively and accurately. Our attention to innovation allows you to be responsive to your customers' needs and provide optimum service and security.

# Moving forward

# Moving forward

# with optimism & strength

Like those who see the glass half full instead of half empty, there are those who see a door as an opportunity and not an obstacle. At Old Republic Title, we have reason to be optimistic. Even during the current market situation, we remain financially strong and ready to stand behind our commitments. Since 1992 we have received the industry's highest financial-strength ratings. No other title insurer can match this accomplishment.

# Crossing new thresholds requires

# expertise and trust

Our agents and clients have access to exceptional underwriting expertise and services. Being in business for as long as we have means we've worked on transactions both big and small and understand the importance of being a trusted partner. Integrity and reliability are at the heart of everything we do.

# Unlocking the

# future, trusting

# our

# strengths

Without the appropriate protection, a property dispute or title claim can open the door to financial ruin. The best defense against this prospect is accuracy and attention to detail. Old Republic Title has a long history of safeguarding customers and is a recognized industry leader in providing products, services and technologies that help prevent title disputes. We've been doing it for more than 100 years.

## A Message from Rande K. Yeager, President & Chief Executive Officer

Throughout 2007, the Old Republic Title Insurance Group (ORTIG) faced the challenge of an adverse real estate market. A severe downturn in the housing and mortgage lending industries led to double-digit declines in mortgage originations, and in sales of new and existing homes. The Group remained profitable through the first nine months. In the fourth quarter, a rapidly deteriorating market eliminated that profit and led to a moderate operating loss for the year.

Our direct title production facilities were the hardest hit. This was particularly true in the western United States, where nearly 98 percent of our premiums and fees are produced directly. Outside of these facilities, our Group relies heavily upon relationships with independent agents. In 2007, 86.5 percent of premium and fees in our eastern, central and southern operations were generated through these agents.

Although we aggressively managed the expenses associated with our direct operations, those units were not able to produce profitable operating results. As a result, we experienced the highest title expense ratio (98.1 percent) in the past 25 years.

ORTIG provides title insurance policies and related real estate transaction and mortgage lending products and services to individual consumers, businesses and government agencies. Title insurance protects all of these groups from losses related to such problems as unknown liens, fraudulent transfers or other inconsistencies with a property's title. Our products and services are issued and delivered by a national distribution network

including our wholly owned insurance company branch offices, ancillary services subsidiaries and thousands of independent title insurance agents.

Our oldest insurer, American Guaranty Title Insurance Company, dates back to 1889, while our leading title insurer, Old Republic National Title Insurance Company, has been serving the real estate and mortgage industry for more than a century. Our regional insurer, Mississippi Valley Title Insurance Company, entered the business in 1941 and holds a significant market share in Mississippi, Alabama and parts of Tennessee.

ORTIG's ancillary service subsidiaries and divisions provide a number of important products and services: credit reports, IRC 1031 exchanges, real estate appraisals, flood zone reports, real estate information, national order management, commercial real estate services, relocation services and default management and foreclosure services.

In 2007, for the 15th straight year, we received the highest financial-strength ratings in the title insurance industry. No other title insurer in the industry can make that claim.

We were able to achieve this because of our financial strength, conservative management philosophy, the commitment of our employees and our dedication to doing things the right way. All these factors support a balance sheet that more than satisfies our obligations. As a result, our customers can be confident we will honor our commitments to them well into the future.

# Highest rated since 1992

We took a number of steps to improve our performance. A fourth quarter restructuring of our western direct operations, combined with responsible expense management, should return us to profitability as economic conditions stabilize. In spring 2007, we expanded our geographic coverage in the greater Sacramento, California area by acquiring North State Title Company. North State Title opened with a single office in 1963 and today offers title insurance and escrow services through six offices in Yuba, Sutter, Colusa and Glenn counties.

In March, Mark Bilbrey joined Old Republic Title as Senior Vice President and Chief Operating Officer of our Central Title Group. Mark has a long and successful history in the title insurance industry. His tenure includes time as a very successful independent agent and several years in management for a title insurance

underwriter. Mark is a past president of the American Land Title Association (ALTA). He brings a wealth of knowledge, experience, desire and passion about the industry to our organization.

In May we took significant steps to expand the capabilities and presence of our national Default Services Division. Carl Brown joined Old Republic Title as President of the national Default Services Division. Carl has 20 years of specialized experience in the default services field. We opened customer service and production centers in California and Texas. Then we licensed industry-leading technology to improve case management services to customers. And by continuously adding new services, we offer a full slate of capabilities to provide lenders, attorneys and government enterprises with loss mitigation, foreclosure and REO (real estate owned) services and products.

In the technology and information arena, we continue to update our title production and settlement services platform. During the year we have been transitioning to RamQuest Complete Closing Enterprise software (after acquiring a significant stake in RamQuest Software, Inc. in 2005). We believe the RamQuest software is the best in the industry. By adopting it in all production and settlement services facilities, the Group and its customers will benefit from production and communication enhancements that reduce the time from order entry to settlement and policy issuance.

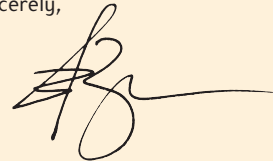

Our title information unit, Old Republic Business Information and Technology (ORBIT), will celebrate 14 years of service in 2008. In 2007, ORBIT established new milestones in customer additions, profitable growth and was able to access 16 million real estate and court document images. The technologies behind ORBIT, and its easy Internet accessibility, have enabled this business to keep growing even as real estate and mortgage origination markets contracted.

Last year was an active one on the state and national industry regulatory front. In April, the General Accounting Office issued their long-awaited report on the title industry. RESPA reform efforts continued throughout 2007, with much of the emphasis on the Good Funds Estimate and consumer education and choice. We used the media attention surrounding these matters to present the regulatory community with facts that support what we do, the integrity of our processes, and the products and the value we offer to the consumer and the marketplace in general. ORTIG has been a leader in consumer education, as one of the first title insurance underwriters to publicly support the American Land Title Association's Consumer Initiative Program. We truly believe our Company is at the forefront of compliance and the industry leader in accentuating integrity and honesty in all that we do.

Our Annual Report this year opens the door to new opportunities and possibilities for 2008 and beyond. We accept the challenges and are positioned to capitalize on the opportunities we are presented with. We expect transaction volume in 2008 will decline further before the market stabilizes, which we believe will happen some time in 2009. In the interim, we will continue the initiatives in place to improve results. This includes increasing revenues through cross-selling, strong expense management — in part by continuing to emphasize relationships with independent agents, and by using technology to increase efficiency and our ability to serve customers. Our financial strength — and the creativity, desire, dedication and integrity of our employees — allows us to quickly adapt to the marketplace and to our customers' needs. We do not take unnecessary risks with our business. Our customers can expect the same when it comes to taking care of theirs.

Finally, without our employees, independent agents and customers, we could not be the leading organization we are. Your dedication, loyalty and integrity strengthen our spirit and our desire to open new doors. I wish to sincerely thank all of you and look forward to our continued relationship for many more years.

Sincerely,

Rande K. Yeager  
PRESIDENT & CHIEF EXECUTIVE OFFICER

## OLD REPUBLIC INTERNATIONAL CORPORATION

### About Old Republic

Our MISSION is to provide quality insurance security and related services to businesses, individuals and public institutions and be a dependable long-term steward of the trust our policyholders and shareholders place in us.

Old Republic traces its beginnings to 1923, although several acquired subsidiaries began operations much earlier. The Company is one of America's 50 largest shareholder-owned insurance businesses. Its subsidiaries market, underwrite and provide risk management services for a wide variety of coverages, predominantly in the general (property and liability), mortgage guaranty and title insurance fields. The Company is primarily a commercial lines underwriter serving the insurance needs of a large number of organizations, including many of America's leading industrial and financial services institutions.

For the beneficiaries of their insurance products and services, Old Republic's insurance subsidiaries provide quality assurance of the promises they make. For employees, the Company offers an environment of success in which they can pursue personal goals of professional and economic achievement in the context of Old Republic's business objectives.

Old Republic's record as a long-term investment compares very favorably within American industry. The Company's performance reflects an entrepreneurial spirit, a necessary long-term orientation in the management of its business, and a corporate structure that promotes accountability and encourages the taking of prudent business risks. For the 25 years ended in 2007, the Company's total market return, with dividends reinvested, has grown at a compounded annual rate of 12.8 percent per share. For the same period, the

total market return, with dividends reinvested, for the S&P 500 Index has grown at a 12.7 percent annual compound rate. During those years, Old Republic's shareholders' equity account, inclusive of cash dividends, has risen at an average annual rate of 13.5 percent per share, and the regular cash dividend has grown at a 10.2 percent annual compound rate. According to the Winter 2008 edition of *Mergent's Dividend Achievers*, Old Republic is one of just 117 companies, out of 10,000-plus publicly held corporations, that have posted at least 25 consecutive years of annual dividend growth.

### General Insurance Group

Old Republic's General Insurance Group is one of the nation's 100 largest property and liability insurers as measured by revenues. It also is the largest of ORI's business segments in terms of assets, capital commitment, revenues and contribution to consolidated pretax earnings. The Group comprises more than 53 insurance subsidiaries, agencies and service companies. The major industries served by the Group include trucking, general aviation, contractors, forestry products, gas and oil, general industry and financial indemnity.

### Mortgage Guaranty Group

Old Republic's Mortgage Guaranty Group protects lenders across the United States from losses due to defaults on first mortgages for residential properties. The Group provides products and services through Republic Mortgage Insurance Company and its affiliates. Typically, loans are insured for the purchase or refinancing of homes when the amount borrowed exceeds 80 percent of the property's value. Loans are insured individually, through traditional primary insurance, and in bulk, pricing a group of loans in the aggregate on a bid or negotiated basis.

### OLD REPUBLIC INTERNATIONAL CORPORATION

#### CONSOLIDATED FINANCIAL SUMMARY

(IN MILLIONS, EXCEPT PER SHARE DATA)	2007	2006	2005	2004	2003
Consolidated Assets	\$13,290	\$12,612	\$11,543	\$10,570	\$9,712
Common Shareholders' Equity	4,541	4,369	4,024	3,865	3,553
Total Capitalization	4,605	4,513	4,166	4,008	3,691
Net Premiums and Fees Earned	3,601	3,400	3,386	3,116	2,936

Net Income	272	464	551	435	459
Diluted Earnings Per Share	1.17	1.99	2.37	1.89	2.01

*While each subsidiary of our parent organization, Old Republic International Corporation (ORI), operates its own business and is solely responsible for its obligations, the overall strength of ORI provides added assurance of our long-term commitment. ORI resources provide a high degree of flexibility in managing a diversified financial services business and in gaining better access to the capital markets as needs and opportunities arise. A long history of above average performance and its substantial capital resources have earned ORI high financial ratings of Aa2 and A from Moody's and S&P, respectively.*
