New! Additions to Best Practices Tools on StarsLink

We are excited to announce some **new additions** to our 'Best Practices' tab on [StarsLink!](#)

Now updated with **ALTA Best Practices 2.0**, this gives you a tremendous advantage in implementing your own Best Practices. The new additions now available include:

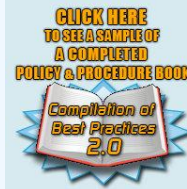

- Updated Homepage based on ALTA's recently released Best Practices version 2.0.
- Minor changes to several of the Policies & Procedures based on ALTA's 2.0 changes.
- Compilation Book updates to reflect 2.0 changes.

"Grab and Go" is the best part of this resource! Simply "grab" Policies & Procedures and other tools available through our 'Best Practices' tab on [StarsLink](#) and with some minor modifications, you can make it relevant to your business.

Not sure where to begin or how to make Best Practices a reality for your business? We now also have through our 'Best Practices' tab on [StarsLink](#) our **Compilation Book**, a road map of how you can use Best Practices to show off all you're doing.
